Agenda

1) Welcome and introduction

Short introduction of GrowSmarter and the topic. Examples and conclusions from a few old and ongoing consolidation centres in Stockholm.

Eva Sunnerstedt, City of Stockholm in charge of the Clean Vehicles and Fuels program and GrowSmarter partner.

2) Microdistribution of freight with electric cargo bikes in Barcelona

Jaume Roca Guitart, UPCnet, Barcelona

3) Construction Consolidation Centre and last mile delivery of packages with electric cargo bikes in GrowSmarter site Valla Torg, Stockholm

Rasmus Linge, Carrier AB, Stockholm

4) Last mile deliveries with electric cargo bikes in Cologne

Julia Egenolf, Climate Protection Coordination Office, City of Cologne

5) Lead questions for the discussion

- What has been difficult or challenging when implementing smart goods distribution and logistics' measures? How were they overcome?
- Cost and benefits are often mixed between various stakeholders? What business model is recommended for a vaster application and replication?
- How to evaluate these services? What environmental and social benefits could be already measured?
